## EMPLOYMENT OF RELATIVES AND DE FACTOS Approved 1998

In keeping with broad Government policies on access and equity and open competition, the AFTRS endeavours to ensure that all employment opportunities available at the AFTRS are open and contestable.

Accordingly:

Family members, relatives and de factos of current members of staff will only be employed by the AFTRS after having successfully applied for a permanent, ongoing or contract position through the AFTRS' competitive advertising process for vacant positions.

Family members, relatives and de factos of current members of staff may be employed on a casual basis by the AFTRS provided they are employed from a cost centre other than that of the staff member and only after having obtained the approval of the Director.
